

Meet people who share your interests

Do you have a hard time sharing your hobbies? Are your friends just not into the same things you are? Are you nervous about meeting people over the internet? Or maybe you've found a group online, but don't have a good place to meet and are concerned about inviting strangers to your home. We can help.

Take advantage of our neutral environment to meet new people in safety. We provide a meeting place for several clubs so you can meet new people who play the same games and have the same hobbies. Our basement gaming area is open to all any time the store is open, and even sometimes when it isn't.

Some club members have keys to the basement area, so you can meet even if the store area is closed. This is just one of the ways we show that we care about our customers.

Play in comfort

Our tables are large enough to support anything from collectable card game (CCG) tournaments to large scale miniature war game campaigns like the one pictured above.

- The area is equipped with space heaters in the winter and fans in the summer to help keep the room at a comfortable temperature.
